NOTICE TO SHIPPING REQUEST

Week Beginning: 12th October 2009
Organization name: Peter Kiewit Sons Co.
Contact number(s): 604-460-2550
On site contact: Dawn Chapman / Peter Ferguson
On site contact number(s): 604-290-4496 / 604-290-5204

Location the activity will take place (e.g. geographical location or Latitude and Longitude):

Between the two old Highway 7 Pitt River Bridges, West of the swing control tower. 49.248744 – 122.729322.

Hours of operation and start and end times/dates (eg. 7-7, Monday to Friday/daylight hours etc):

The removal of the temporary work trestle on the Port Coquitlam side of Pitt River Bridges will continue. Work will be performed between 7.00 am to 7 pm, Monday to Friday.

Description of activity taking place and any restrictions to the waterway (eg. closing a channel etc.):

Crews will be removing the temporary work trestle that is located between the two old Pitt River bridges. During this work there may be divers in the water, cranes boomed down low over the water that surrounds the trestle, and small utility boats will be operating in areas near the work trestle. No marine traffic is permitted outside of the designated navigation channels as indicated on the attached drawing.

Conditions may change from time to time, so marine users are advised to regularly monitor for updated Notices to Shipping. Updated Notices will be issued at least weekly throughout the removal of the trestle.

Vessels participating or support vessels such as dredges, tugs, etc.(if applicable):

Small utility boats will be operating near the work trestle.

VHF Channel to be monitored (if applicable):

Bridge control tower: Channel 74

Working channel: Channel 6

Special Requests and additional information (eg. minimum wash, clearance restrictions etc):

A no wake zone will be designated from 200 m upstream and downstream of the Pitt River bridges.
